

CWAN Terms of Reference

This group is a forum for those working with children with disabilities and their families where updates from members, key themes, issues and pieces of work can be shared and explored. By coordinating approaches, this group shares good practice operationally and strategically with intention to influence change.

The forum will meet every six weeks, sharing resources and venues from members. Our principle aims will be:

- to develop a directory of contacts
- a shared calendar of events to avoid duplication
- to share skills and knowledge
- to be proactive and work together to problem solve
- to identify methods to resource the group in the future
