Emma Sefton CVS Heritage Project

Grants window is open until Monday 28th February for voluntary, community and faith groups to apply for funding up to £2,000 for heritage projects and activities. The main criteria is that you have to meet two out of three of our intended outcomes:

- a wider range of people involved in heritage
- heritage is identified and better explained
- people and organisations will have developed skills

We are also starting with our work towards a Historic Townships exhibition that will tour later this year. We are looking for Volunteer Researchers in Bootle, Litherland, Formby and Maghull to help us to interview local people about their memories of the area. If anyone knows anyone who might be interested please email: emma.copestake@seftoncvcs.org.uk

To make sure everyone can have a say in what's included in the exhibition, we have some activities that help you to think about what makes your area unique. You can download them and return to them us here: www.seftoncvcs.org.uk/heritageproject

One of these activities is creative mapping which we had a quick taster of.

Jubilee Planning

Annie explained that In Another Place are planning a street party in Bootle Strand and asked if anyone else had any plans or would like to collaborate.
